FROM THE DIRECTOR'S DESK

Namaste,

This edition of NSBT LOGIN encapsulates our journey of academic vigor and practical engagement. Our conference on "Inclusive Entrepreneurship & Inclusive Education" sparked crucial conversations on diversity in business and education.

Our students have dived into real-world applications, from the industrial intricacies at Carlsberg to strategic insights at the Paithan Mega Food Park. The MOU with F-ATRA's (Japan) broadens horizons, increasing possibilities for a host of initiatives.

Highlights include the triumph of our students in the competitive arena of the IEEE CODE'ATHON and the collective learning at the CMIA Energy Conclave, all while embracing a culture of inclusivity and growth.

Through every story and every achievement, we see the embodiment of NSBT's mission to mold future leaders and innovators.

In pursuit of excellence,

Harsh

on behalf of Team NSBT

THE NSBT ANNUAL CONFERENCE 2024

NSBT hosted its annual conference in Feb 2024 on "Inclusive Entrepreneurship & Inclusive Education" at The Fern Residency in Chh.Sambhajinagar. Aimed at fostering inclusivity and equity, the event brought together leaders from various sectors to share their experiences and insights on creating more accessible opportunities for all.

Keynote speaker Aditya Arora, CEO of Faad Capital, emphasized storytelling's role in highlighting the achievements of lesser-known entrepreneurs. By sharing their journeys, Arora argued, we can inspire wider support for diversity in the entrepreneurial world, showcasing that a broad range of backgrounds contributes to innovative and resilient business practices.

Vineet Saraiwala, 95% visually challenged Founder & CEO of Atypical Advantage, shared his personal story of overcoming obstacles to support the differently-abled. His organisation creates opportunities for people with disabilities, challenging societal perceptions and advocating for a more inclusive approach to talent and potential.

Nisheeth Poptal Mehta, Founder & CEO of Microsign Products, presented his company as a role model with more than 60% specially-abled employees.

He highlighted how companies could lead by example, creating work environments that are both environmentally sustainable and welcoming to diverse talents.

Hunny Bhagchandani, Founder of TorchIt and Forbes 30 under 30 (2024), presented technology-driven solutions designed to empower the visually impaired. His work underscores the potential for innovation to make significant differences in accessibility and independence for people with disabilities.

The conference concluded with a panel discussion moderated by Charudutt Deshpande, Partner of Kevian Associates. This conversation brought together the unique perspectives of the speakers, focusing on collaborative efforts to advance inclusivity and diversity across various sectors.

Through this event, NSBT demonstrated its commitment to inclusivity and equity, underscoring the importance of collective action in creating a more inclusive society.

As a principle and as a practice, it is better understood when viewed as a ripple effect in Neighbourhood, Community, and so on...

When inclusiveness characterizes every one of these spheres, it leads to interpenetration and, where it is most conducive to the attainment of character, social justice, and a wholesome ripple effect.

In a pervasive atmosphere of education & entrepreneurship, everyone benefits from one another and contributes to the social good.

Monisha Brahma & Savitri Dakre

Shri Rishi Bagla and Shri Satish Kagliwal in conversation with speakers

INCLUSIVE EDUCATION

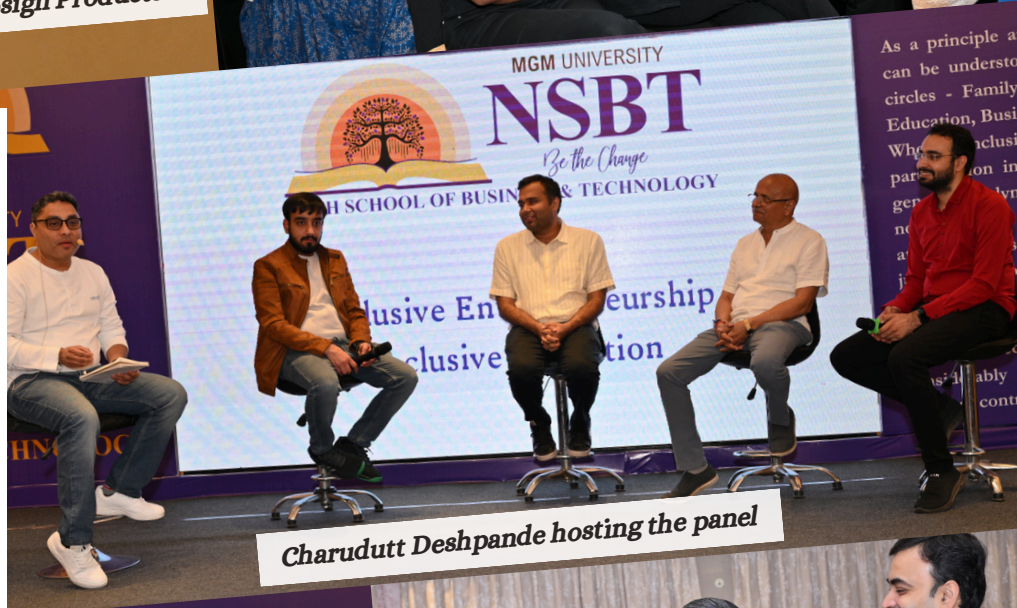

Shri Nisheet Mehta, Founder & CEO, Microsign Products

practice, Inclusiveness can be seen as concentric circles - Family, Community, Education, Business and

characterises social participation in various spheres, it generates a dynamic and sustainable environment of sound & sensitive harmony and prosperity. A

of inclusiveness, the spheres of entrepreneurship will considerably expand and together contribute greatly

HAPPENINGS ON CAMPUS

► NSBT Student of the Year

The Student of the Year Award at NSBT is not just a recognition of academic excellence but a celebration of holistic development and exemplary leadership. Established under the guiding principles of fairness and meritocracy, the constitution of this prestigious award emphasizes criteria such as attendance, participation in activities, diligence, and responsible behavior. Students who have spent a minimum of two semesters at NSBT are eligible for consideration, ensuring that recipients have demonstrated sustained commitment and contribution to the NSBT community.

Vansh Patel, the 2023-24 NSBT Student of the Year, embodies excellence and leadership. His dedication to academics, involvement in activities, and adherence to NSBT's values showcase holistic development. Alongside, runners-up Disha Dusad and Vaishnavi Ghodke, represent NSBT's commitment to nurturing exemplary students.

► MOUs signed with FAAD, Microsign and Torchlt

NSBT has reinforced its commitment to inclusivity and innovation by signing MOUs with **FAAD Capital**, **Microsign Products**, and **Torchlt**. These agreements, emerging from a conference on Inclusive Entrepreneurship and Education, are set to provide underrepresented entrepreneurs with vital resources, embed sustainable business practices into NSBT's curriculum, and encourage the creation of assistive technologies.

The partnership with FAAD Capital will open doors to mentorship and funding for budding entrepreneurs, while collaboration with Microsign Products and Torchlt will orient students towards socially sensitive business operations. These collaborations are crucial to NSBT's mission to educate socially responsible future leaders adept in sustainable and inclusive innovation.

► AMA session with Maulin Pandya

NSBT students had the opportunity to engage in an Ask Me Anything (AMA) session with the acclaimed motivational speaker, **Maulin Pandya** on Feb. 16, 2024. This interactive forum allowed students to gain insights from Maulin's experiences and perspectives on personal growth, motivation, and the keys to success in both personal and professional realms.

HAPPENINGS ON CAMPUS

Session on Coding and Programming Languages

Umang Lahoti, a backend engineer at LinkedIn USA, enriched students with a session on coding fundamentals and fluency in multiple programming languages on Feb. 17, 2024.

She emphasized mastering data structures and algorithms for software development. Lahoti also shared strategies for securing internships at top tech firms like Tesla and Facebook, highlighting the importance of a solid portfolio, effective networking, and preparing for technical interviews. Her insights aimed to guide students towards achieving excellence in coding and navigating the competitive tech internship landscape.

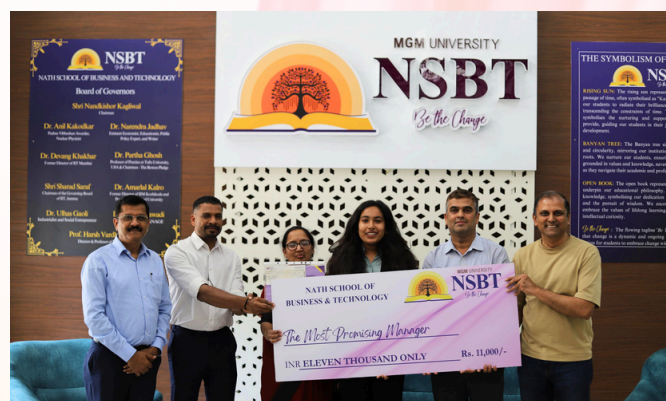

NSBT's The Most Promising Manager 2024

The Most Promising Manager a platform dedicated to identifying and nurturing future leaders in Marathwada. This initiative in its second year has continued to evolve, empowering aspiring managers with unparalleled opportunities for growth and development.

Mr. Sanjay Datta, VP (Group Head-Administration, CSR & Corporate Affairs) of Endurance Technologies graced the occasion and distributed the certificates to the participants who qualified for Round 2 on Feb. 17, 2024.

Ms. Nupur Kamble from Govt. Institute of Forensic Science walked away with the title of The Most Promising Manager 2024 while Mr. Aditya Laddha from MGM IOMR was the 1st Runner Up and Mr. Rohan Jogdande from Vivekanand College was the 2nd Runner Up. **Mr. Sunil Kirdak**, the Chair of CII MZC and MD of Tooltech Toolings was the Chief Guest for the prize distribution ceremony of the Grand Finale.

For the Grand Finale on Feb. 24, 2024, the top 6 finalists faced an industry jury comprising of **Shri. Ravindra Kondekar**, **Dr. Asmita Joshi** & **Shri. Anurag Kalyani**, where they showcased their strategic insights and leadership potential under real-world scrutiny.

Highlights of Budget 2024 by the BMS First Year students

Under the guidance of **Prof. Akansha**, 14 students of BMS First Year showcased their understanding of the Highlights of Budget 2024 through a series of presentations on Mar. 1, 2024.

The event was graced by esteemed guests, **Shri. Swami Ravindra**, Forex Manager at Thomas Cook, & **Shri. Charudatta Deshpande**, Partner, Kevian Associates.

HAPPENINGS ON CAMPUS

Session on Sustainable tourism and community revitalisation in post-disaster Japan

NSBT hosted a significant event featuring **Mr. Tatsuhiko Yamane**, Futaba Town Council Member from Fukushima, Japan, to highlight sustainable tourism and community revitalisation post-disaster on the 19th February 2024. The event, emphasizing environmental sustainability and fostering community interaction, featured insights from Mr. Yamane on leveraging local experiences in Fukushima for curated tours, enhancing community engagement. **Mr. Harsh Jajoo**, NSBT Director, initiated the discussions, bringing together tourism stakeholders, government agencies, and NSBT members. **Mr. Shekhar Jaiswal**, MTDC General Manager and the Chief Guest, shared his expertise in sustainable tourism, complementing the event's goals.

Shri. Nandkishor Kagliwal, NSBT Chairman, expressed gratitude towards Mr. Yamane for his contributions, emphasizing NSBT's commitment to educating students on becoming responsible global citizens. **Swastika Jajoo & Trishit Banerjee** played a key role in organising and facilitating the event through their linguistic skills. The program fostered meaningful discussions on the importance of environmental consciousness and community engagement in tourism, advocating for a sensitive approach to disaster-affected communities. Attendees included distinguished figures from the tourism industry, showcasing a unified effort towards sustainability and resilience.

MOU with F-ATRA's

NSBT has partnered with Futaba Area Tourism Research Association (F-ATRA's) through an MOU to provide its students with opportunities for exposure in Japan and to promote industry tourism for Chh.Sambhajinagar's (CSN) MSME sector. This collaboration will offer exchange programs & internships in Japan for NSBT students, enhancing their global business insights & intercultural skills. The Japanese delegation along with **Harsh Jajoo**, Director of NSBT met with **Shri. G. Sreekanth**, Municipal Commissioner to discuss the facilitation of tourism and exchange programs.

Interaction with Shri. Rushikesh Jaju

Shri. Rushikesh Jaju, MD, Practic Industries (India) Pvt Ltd. interacted with MMS Students and guided them on various aspects of management and leadership. It is a matter of pride that Shri Jaju has agreed to be the Programme Mentor for NSBT's MMS Programme.

HAPPENINGS OFF CAMPUS

► Participation of BCA students in “Crime Research Summit” in New Delhi

NSBT's BCA SY students attended the Future Crime Research Summit in New Delhi on Feb. 8 & 9 2024, organised by the Future Crime Research Foundation. The summit focused on cyber security, aiming to understand, discuss, and propose solutions to future crimes. Our Cyber Arjuns – **Shrushti Gupta, Shreya Muley, Pankaj Jangid, Gargi Kulkarni, and Mir Javeriya**, accompanied by their Dronacharyas, **Prof. Amol Warad** and **Prof. Dipali Auti**, engaged with experts in the field, gaining insights and networking opportunities.

This experience broadened their understanding and clarified many concepts. During interactions, they impressively answered questions, showcasing their knowledge. As a result, they secured a project with a company, highlighting the practical benefits of their participation. They were also appreciated by Prof. Triveni Singh, the organizer of the event for their dedication.

We would like to extend our gratitude to Mr. Ajay Gupta (F/o Shrushti Gupta BCA) for his efforts and help extended in arranging the travel tickets for the entire participants.

► Participation in University level Cricket

Devdutt Didore and **Madhush Joshi**, students of BMS FY were selected to participate in All India Universities Cricket Tournament held from February 18 to 26, 2024 as part of MGMU's Cricket Team in Jalgaon.

► Team NSBT in the Top 10 at IEEE's District Level Code'a'thon

The students of NSBT have once again shown their remarkable talent in the field of coding. **Shrushti Gupta** and **Aaryan AS** from the second year of BCA have excelled in the CODE'ATHON, a district-level programming competition, making it to the final round. This prestigious event, organized by the IEEE Student Branch at the University Department of Information and Communication Technology, witnessed participation from nearly 400 students from across the district. quizzes, and hands-on programming.

HAPPENINGS OFF CAMPUS

CMIA Energy Conclave

We are proud to announce our BMS SY students **Vaishnavi Ghodke & Ujwal Kalda** lead a team of 30 students in successfully organising the Seventh Edition Energy Conclave 2024 organised by CMIA and hosted by MGMU on Mar. 1 and 2, 2024. CMIA President **Shri. Dushyant Patil** & other office bearers of CMIA appreciated commendable contribution of NSBT students.

Fresher's Party

On January 13, 2024, NSBT students celebrated their freshers' party at McDonald's, enjoying a memorable time. The event saw **Jaskamal Kaur** from BCA FY and **Sarthak Pande** from MMS FY being crowned as Ms. and Mr. Roobaroo for 2023-24, highlighting their standout presence and contribution. This gathering fostered community spirit and welcomed the new batch into the NSBT family.

MOUs with CMIA

NSBT and the Chamber of Marathwada Industries & Agriculture (CMIA) have signed agreements to boost education and industry in Marathwada, launching an Entrepreneurship & Family Business program and giving wings to the Cyber Security Forum. The MOUs were signed by **Shri. Dushyant Patil**, President, CMIA and **Shri. Harsh Vardhan Jajoo**, Director, NSBT.

FAAD Investor Meetup in Delhi

NSBT Director, Harsh Vardhan Jajoo was invited to attend the FAAD Investor Meetup in New Delhi on the 9th March 2024. The event was a nexus for connecting visionary investors with trailblazing startups, fostering a thriving ecosystem.

BT MENTORSHIP

▶ NSBT is a proud BT Mentor to Khana Anywhere

The Nath School of Business & Technology (NSBT) is proud to announce its new role as the Business & Technology (BT) Mentor for the innovative initiative, Khana Anywhere - DigiMess. This unique startup founded by **Abhilash Goje** aims to revolutionize the way people experience home-cooked meals, offering a comforting taste of home to those living away from their familial surroundings. By leveraging NSBT's expertise in business strategies and technological advancements, Khana Anywhere - DigiMess intends to connect individuals with the warmth and nourishment of homemade food through a digital platform.

This partnership not only underscores NSBT's dedication to supporting innovative ventures that foster connection and community but also celebrates the rich culinary traditions that bind us, ensuring that no matter where one is, the essence of home is just a click away.

INTERNSHIP UPDATES

In a significant achievement, BCA second-year students Shrushti Gupta, Gargi Kulkarni, Shreya Muley, Mir Javeriya, and Bajrang Jangid have commenced their cybersecurity internships at **i4c - the Indian Cybercrime Coordination Center**.

Zeeshan Saleem from the second year of Bachelor of Management Studies (BMS) is gaining entrepreneurial insights at **MAGIC Incubation Center**. Simultaneously, Sanika Gadkari, also a BMS second-year student, is exploring health and sanitation solutions at **Aruheal Solutions Pvt Ltd**.

Meanwhile, BMS first-year students Arnica Dongre and Keyur Rawka are delving into the food industry with internships at **Khana Anywhere**. These placements highlight NSBT students' diverse interests and the institute's dedication to providing real-world exposure and skills.

MDP ON DIGITAL MARKETING

Embracing our commitment to unite the realms of academia and industry, NSBT is proud to have hosted its inaugural Management Development Program (MDP) centered on the critical theme of 'Digital Marketing - A Business Imperative'. This pivotal program, meticulously curated and delivered by our in-house faculty, **Prof. Dhananjay Singh**, assisted by **Dr. Sanvedi Rane** was held at the NSBT campus on March 9, 2024, marking a first for our institution in terms of such an initiative.

The event was met with overwhelming response, reaching full capacity with the participation of seasoned practitioners from distinguished corporates such as Rucha Engineers, Excelize, Yeshshree Press, SOM Autotech, SLP Consulting, Sigma Tooling, Shree Om Steel, Kirdak Autocom, and KCP Limited. The interactive, workshop-style delivery ensured an immersive and thoroughly engaging learning experience for all attendees.

The MDP concluded with insightful closing remarks from **Shri Prashant Narwade**, Vice-Chair of CII MZC, who underscored the indispensable role of digital marketing in the contemporary business landscape. He emphasized the necessity of integrating both digital and traditional marketing strategies to navigate the rapidly evolving commercial environment successfully.

INDUSTRY VISITS

NSBT students had the opportunity to visit the Paithan Mega Food Park Pvt. Ltd. located in Dhangaon. This educational excursion was aimed at enriching their academic knowledge with practical experience, by exposing them to the sophisticated processes and facilities within the food park. The visit enabled the students to observe firsthand the intricate operations involved in food processing.

An enriching industrial visit was organised for the NSBT students to the Carlsberg brewery. This visit provided the students with a unique chance to directly engage with the operational dynamics of one of the leading breweries in the industry. It offered them an in-depth insight into the practical aspects of the theoretical concepts covered in their coursework. Through interactions with professionals and firsthand observation of Carlsberg's manufacturing processes, students gained valuable practical knowledge.

NSBT students had the privilege of embarking on an enlightening journey to Vijay Gears Pvt. Ltd.

The industrial visit provided a holistic learning experience, complementing theoretical knowledge with practical insights. From understanding gear manufacturing to witnessing robotics machining in action, every moment was a valuable lesson in efficiency and optimization. Moreover, interacting with seasoned professionals gave the students invaluable perspectives on industry trends, challenges, and best practices.

TEJAS

The Enterprising Journeys of Aurangabad / Sambhajinagar

TEJAS, the podcast is conceived & conceptualised by NSBT
and hosted by Radhika & Rohit Dashrathi

Beyond Business: The Mansingh Pawar Story

In TEJAS Episode 3, we're taken through the engaging story of Shri. Mansingh Pawar, a man who chose a path less traveled, steering away from his family's political legacy to forge his own in the business world. This episode delves into how Pawar's venture into the automobile industry was just the beginning of a larger story.

A Journey of Innovation and Resilience: The Kelkars' Story

Watch TEJAS Episode 4 to hear the inspiring story of Mrs. Mohini and Mr. Milind Kelkar, the founders of Grind Master Machines. In this episode, they open up about their journey from starting in a small city to making their mark on the world stage. Through personal anecdotes, they discuss the importance of innovation and the role of family and strong values in sustaining success.

From Trials to Triumph: The Prithish Chaterjee Story

In TEJAS Episode 5, we follow Shri. Prithish Chaterjee through his real-life business journey, filled with ups and downs, challenges, and victories. This episode takes you behind the scenes of starting and growing a business that reaches global recognition.

It's okay to not be okay

Therapy serves as a vital resource in nurturing mental health and overall well-being, offering individuals a safe and supportive space to explore their thoughts, emotions, and experiences. While it is a necessity for most individuals, it's also considered to be a taboo in our country. Any institution or organisation that offers therapy as a service can benefit greatly from it, but few have been able to integrate the therapeutic process into their operations because of this stigma.

NSBT has become the first institute in CSN to have this provision for their students' overall growth and development. Whether facing stress, anxiety, depression, trauma, or relationship issues, therapy offers tools and techniques to manage emotions, improve communication, and cultivate resilience.

Aakriti Mathur
Psychological
Counsellor, NSBT

Furthermore, *therapy fosters a sense of validation and acceptance, allowing individuals to express themselves openly and without judgment. Individuals are encouraged to explore their feelings and experiences in a safe and confidential environment, free from societal pressures or expectations.* This sense of validation can be profoundly healing, helping individuals to develop self-awareness, self-compassion, and a greater sense of self-worth. Therapy serves as a catalyst for positive change, empowering individuals to overcome obstacles, pursue their goals, and live more authentically.

I have found working with students to be really fulfilling and invigorating. The aforementioned stigma associated with therapy makes it extremely difficult for students at first to open up and discuss the challenges they face. However, once they are able to let go of their fear and attend the first session, they are able to make significant progress and come to view therapy as a place of refuge.

My experience here at NSBT has been very similar and understandably so. *The students were initially not so keen on letting others know that they are going for therapy. However, once they saw their peers also go for it, it made them a little more open to the idea of seeking help for their mental health. They are now able to navigate their concerns with the interventions and various techniques that are suggested to them. The majority of them have made excellent progress in the past month and are eager to keep improving on their own.* As a therapist, it fills me with great pride to witness their resilience and independence in handling their own difficulties with the assistance of constructive coping mechanisms.

In conclusion, ***my experience as a therapist in this institute has been nothing short of transformative. It has deepened my understanding of mental health, broadened my skills, and reinforced my passion for helping others.***

CMIA CEO Conclave Chronicles

Contributed by Gauri Kulkarni, BMS FY

Stepping into the dynamic world of the CMIA CEO Conclave Conference, where the spirit of innovation pulsed through the halls of the Welcome Hotel Rama International. This remarkable event summoned the titans of industry, CXOs, and visionary experts for a day of spirited discussions, impassioned debates, and groundbreaking revelations.

Elevating the Q&A Session: The speakers weren't just answering questions; they were orchestrating a dynamic exchange of ideas. From leadership intricacies to unique insights on human resource development, sustainability goals, and daily routines, the Q&A session transformed into a lively and enlightening dialogue, showcasing the speakers' unparalleled expertise.

Electrifying Talk by Mr. Vijay Agashe: Mr. Vijay Agashe took the stage like a maestro conducting a symphony of success. His mantra, "Think local but serve Global," echoed through the audience, emphasising that ambition must surpass resources for excellence. His focus on team culture as the cornerstone of success left the crowd on the edge of their seats, ready to revolutionise their own teams.

Riveting Stories by Dr. Rahul Meerchandani: Dr. Rahul Meerchandani, the captain of Aries Agro Limited, wove tales of inspiration and change. His stories weren't just anecdotes; they were blueprints for success. From India's first Agricultural Flash Sale to the power of sensory branding, Dr. Meerchandani left an indelible mark, urging the audience to empower and not enslave.

Dynamic Insights by Shri. Vinay Prabhakar: Shri. Vinay Prabhakar from Deloitte South Asia took the audience on a riveting journey into the evolving landscape of technology and market trends. His compelling talk, emphasising that "1+1 is greater than 2," illuminated the power of teamwork. It wasn't just a speech; it was a call to arms, inspiring everyone to recognise the force of collaboration in achieving collective success.

Conclusion: The CMIA CEO Conclave Conference wasn't just a success; it was a triumph of ideas, collaboration, and inspiration. Attendees left with minds buzzing, hearts racing, and a renewed commitment to excellence. This extraordinary gathering proved that when minds collide, innovation sparks, leaving an indelible mark on the landscape of industry. The conclave wasn't just an event; it was a celebration of the relentless pursuit of greatness.

The eight of us were very fortunate to accompany our Director to the CMIA CEO Conclave.

CSN FACTS N FIGURES

The Silk Route's Legacy and CSN's Historical Weave

The Silk Route, operational from the Second Century BCE to the Eighteenth Century CE, served as a vital network for cultural, commercial, and technological exchanges from China to the Mediterranean. This extensive network helped integrate diverse cultures through trade in silk, spices, textiles, and gems. Within this network, Aurangabad, Maharashtra, emerged as a key player due to its exquisite Paithani silk sarees, showcasing the city's significant role in the global textile trade.

Paithani weaving, originating around 200 BCE in Paithan, flourished under various dynasties, notably during the Mughal era under Emperor Aurangzeb in the Seventeenth Century. These sarees, known for their vibrant colors and intricate gold and silver thread work, not only illustrate the cultural fusion along the Silk Route but also highlight advancements in textile manufacturing.

Today, the tradition of Paithani sarees continues to thrive, symbolizing Aurangabad's rich historical heritage and its ongoing cultural contributions.

MGMU EXCLUSIVES

Insightful information about MGMU

Institute of Fire Service Engineering

The Institute of Fire Service Engineering at MGM University offers a transformative educational journey for those who aspire to become custodians of safety and protection. Established in the academic year 2021-22, the institute is equipping students with the necessary skills to reduce risks and prevent accidents in various settings.

Individuals drawn to IFSE demonstrate a commitment to service and community safety. The institute nurtures this dedication with a comprehensive curriculum that harmoniously blends theoretical knowledge with hands-on experience, supported by state-of-the-art infrastructure and cutting-edge facilities. Students at IFSE are trained to become proficient Fire Safety Engineers, capable of implementing effective safety measures in industrial, commercial, and social environments.

The program at IFSE shapes future professionals known for their expertise and valor. It transcends mere preparation, molding its students into leaders of fire safety innovation and exemplars of bravery.
